### **PART I: Provider Enrollment**

**To participate in the Utah Vaccines for Children (VFC) program and receive federally procured vaccine provided to my facility at no cost, I agree to the following conditions, on behalf of myself and all the practitioners, nurses and others associated with this medical office, group practice, managed care organization, community/migrant/rural clinic, health department, or other health delivery facility of which I am the physician-in-chief or equivalent:**

1. I will screen patients and administer VFC program-purchased vaccine only to a child (<19 years of age) who qualifies under one or more of the following categories: a) Is an American Indian or Alaskan Native; b) Is on Medicaid (or qualified through a State Medicaid waiver); c) Has no health insurance; or d) Has health insurance that does not pay for the vaccine (only applicable to FQHC or RHC).
2. I will administer VFC vaccines only to children in eligible age cohorts for each vaccine, as set by the Advisory Committee on Immunization Practices (ACIP).
3. I will comply with the appropriate immunization schedule, dosage, and contraindications, that are established by the ACIP\*, unless a) in my medical judgement, and in accordance with accepted medical practice, I deem such compliance to be medically inappropriate; or b) the particular requirement contradicts the law in the State of Utah pertaining to religious and other exemptions.
4. I will maintain parent/guardian responses on the Patient Eligibility Screening Record form for a period of 7 years. Release of such records will be bound by the privacy protection of the federal Medicaid law.

## Provider Enrollment (continued)

5. If requested, I will make such records available to the State or the Department of Health and Human Services (DHHS).
  6. I will distribute written vaccine information and maintain records in accordance with the National Childhood Vaccine Injury Act.
  7. I will not impose a charge for the cost of the vaccine.
  8. I will not impose a charge for the administration of the vaccine that is higher than \$10.50, the maximum fee established by the State of Utah and Medicaid.
  9. I will not deny administration of a federally procured vaccine to a child because the child's parent/guardian/individual of record is unable to pay the administration fee.
  10. I will comply with the State's requirements for ordering vaccine, and the quarterly submission of the VFC Doses Administered Report form.
  11. The State may terminate this agreement at any time for failure to comply with these requirements or I may terminate this agreement at any time for personal reasons.
  12. I will be responsible for returning all public purchased vaccines to the State in accordance with State instructions.
- \* Note: The ACIP Schedule is compatible with the AAP recommendations.

Combine your last four VFC Quarterly Doses Administered Reports to obtain this number, using the Total Number of Individuals section at the top of the report form.

### **PART III: Provider Information**

Please print or type the names and medical license numbers of the other health providers who may administer vaccine (attach copies of the Additional Providers Within the Practice sheet if additional space is needed). It is not necessary to include the names of all staff who may administer vaccine, but rather, only those who possess a medical license or are authorized to write prescriptions.
